

Weekly HAM Radio Check-In Nets

These nets are not specific for CERT. Please support these organizations as they have generously made their repeaters & stations available for training, practice, radio testing, etc. In an emergency, they provide a means for communications. Check out their websites for information & resources. If there is a discrepancy here vs. their website, please assume the website is the most current.

Rev 091623

Name	Repeater/ Station	Organization	Date/Time	Band	Freq (MHz)	Tone Mode	Tones	Website	Notes
